

WE ARE INNOVATIVE

We find better ways to get things done, working together to find solutions and drive change, moving our vision forward by improving the world through Engineering.

- **We are open minded.**

We are open to and accept that our ideas and views can and should be appropriately challenged, focussing on 'getting it right' rather than 'being right'.

- **We are curious.**

We explore, enquire, analyse and envisage a variety of solutions and perspectives before making decisions and taking actions, identifying any potential opportunities and risks to the Institution.

- **We challenge the status quo.**

We question why, what and how we do things, challenging norms and current practices to continuously improve and look to the future, innovating to create and enable change.
